BURLINGTON YOUTH SOCCER CLUB

FALL & WINTER INDOOR HOUSE LEAGUE

Tentative Playing Schedule

HOUSE LEAGUE U4-U6

At this age, players' play 3v3 on mini pitches with pug goals, as proposed in Ontario Soccer's LTPD guidelines. Each session, they receive a 20 minute fun practice before their game, led by a paid BYSC mentor coach. After the session, they head back to their mini field for their game, which is facilitated by the volunteer coach and supported by the mentors if needed. Players receive a uniform, ball and participation medal as part of their registration.

HOUSE LEAGUE U8-U10 (HALF DOME)

At this age, players play 5v5 on a half dome with team and goal sizes determined by Ontario Soccer LTPD guidelines. Teams will do a mini warm up practice with their volunteer coach before their game, which is led by the volunteer coaches. Games will be facilitated by Game Leaders at the U8 age group and referees at the U10 age group. Each player receives a full kit and participation medal with their registration.

HOUSE LEAGUE U12+ (FULL DOME)

At these age groups, players play 7v7 on a full dome pitch. They play for the full period with a half time interval. Games are led by qualified referees and assisted by volunteer coaches. Each player receives a full kit with their registration. U12 players will receive a participation medal. Scores and standings will be recorded for U14+ age groups.

HOUSE LEAGUE PLUS

This option allows players from u7 to u15 the opportunity to receive a practice session as well as their scheduled game. The practice session is led by BYSC paid coaches who take the players through a curriculum designed by BYSC's Foundation Phase Manager, Jordan Brown. Players receive a practice jersey as part of their registration.

FAQ's

When does my child's program start and end?

Program start/end dates can be found on our website under the desired programs tab. Schedules for house league games are available in your members log in. We encourage parents to check the schedule prior to leaving for games to avoid any confusion upon arrival as, sometimes, there may be slight alterations to schedules throughout the season.

Can I play with a friend?

Deadline for special requests is September 1, 2017. Email specialrequests@burlingtonsoccer.com. Please note that all requests must be reciprocal and are not guaranteed. Only requests to play with a friend will be considered (coach requests cannot be accommodated).

I want to volunteer to coach a team, how do I do that?

GET INVOLVED! The club is always seeking dedicated and committed volunteers to help run our house league teams on a game day. If you are interested in volunteering to coach a team, please fill out the application that can be found on our [website \(click to download\)](#).

What support does the club provide its volunteer coaches?

BYSC's Foundation Phase Manager, Jordan Brown and Coach Development Manager, Stevie Grieve, offer a number of resources and clinics throughout the season to help support the house league coaches to deliver the best possible experience for our players. They are also available to attend games and practices to provide support if requested by the coach. We hope that by supporting our coaches, the players experience is enhanced to its highest possible level.

How are teams put together?

The club relies on its coaches to provide feedback on each player using a rating system. This allows coaches to grade a player based on their ability level in their team and in games during the season. This rating is then used to try and balance teams as best as we possibly can for the next season. Whilst it is not always perfect, we find this is the most efficient way to roster the teams as fairly as possible. We also employ rules regarding player and coach requests to try and avoid teams from being "stacked."

The program isn't what I thought it was and I want to request a refund, how do I do this?

We encourage all parents to read the clubs policy on refunds before signing up for programs so they are aware of their options should a need to cancel their registration arise. Please visit our website and click on 'forms and policies' to the right hand side of the page to access this.

My child is interested in competitive soccer, who can I speak to regarding my options?

Feel free to contact our Foundation Phase Manager, Jordan Brown or our Competitive Manager, Steven McDougall, who will be happy to help!
