STEP TWO

Enter your account email and password, and then click "Log In."

STEP THREE

If your email is not recognized by the system, please reach out to your state administrators to find out which administrator can add you a user account.

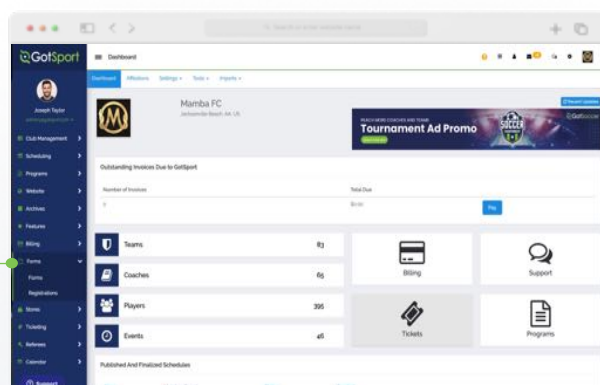

Creating A Birth Certificate Document Repository

A document repository acts as a folder, which stores all of the signed forms for this type of document. You are able to include this into your registration process which will be a one-time upload for all players. Once a player has submitted their birth certificate, they will not be asked again.

STEP 1

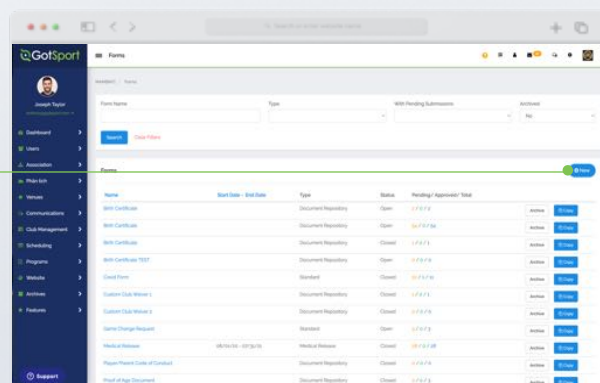

In the Dashboard menu, click the **"Forms"** dropdown and select **"Forms"**.

STEP 2

Click **"New"** to create a form.

NOTE: If you are using GotSport for registering players, you can make this form "required" and it will automatically be included within all of your programs. Once a player completes the form once, they will not be asked to complete the form again during future program registrations with your club.

STEP 4

Click **"Registration Form"** at the top of your screen

Repeat as necessary.

Merge User Accounts

If you have duplicate users, you have the ability to merge them. *If you are a coach/manager or parent/player please ask your club admin to merge profiles.*

To merge, both profiles must have these requirements for GotSport to qualify as a duplicate user:

- A role with your organization
- Same First Name, Last Name
- Same Gender
- Same D.O.B

If the system does not recognize the profile as a duplicate, here are some things to check:

- The search is **CASE SENSITIVE**, so make sure the first and last names **EXACTLY** match upper and lower case - e.g., **Matt** and **Matt** will not result in a match, but **Matt** and **Matt** will result in a match.
- Make sure name does not have extra spaces before and after the name.
- One profile has a nickname over another with a legal name. E.g., **Jen** vs **Jennifer**

Before you merge accounts please read:

Make sure to choose the primary account carefully, Verification and Requirements do not carry over from the secondary account. If you have any of these, you will want to strongly consider having that be the primary account for the merge.

STEP 1

Click the "**Club Management**" tab on your left, followed by "**Dashboard**" directly below.
