Referee Availability (Home Page)

One way of indicating your availability/unavailability is through your Calendar. To do this Click on Home in the Blue menu bar and then Calendar in the Grey menu bar. The Calendar shows you all your events. Along the top of the Calendar you will see the Referee Status drop down menu. If you mark yourself Unavailable your Calendar will look like this:

Referee/Official - Main Menu

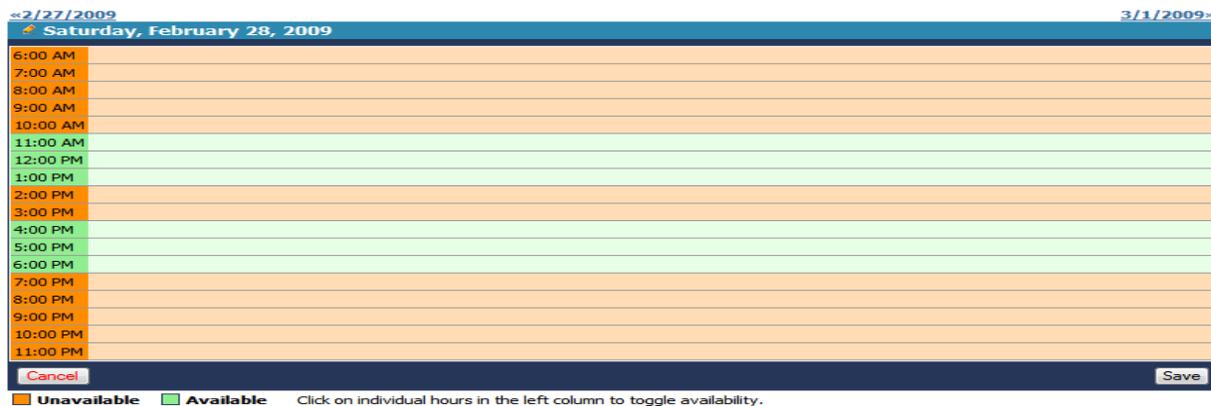

Referee Status **Unavailable** except where noted

As you can see all but one day is Orange, this being the day that you are available to work. Along the bottom of the Calendar is the color code system that is used to determine your availability. To make yourself available click on the White bar across the top of the date that you want to work.

This brings up the schedule for that day. To make yourself available just click on the hours that you want to work by putting your cursor over the time slot to the left of the Calendar. This will make it **Green**.

Once you are done selecting your availability, make sure to click the Save button at the bottom of your Calendar. To see your changes after clicking **Save**, click the Calendar

Referee Availability

To manage your availability for events go to Home in the Blue menu bar and then Availability in the Grey menu bar (you can also get to this page through your Calendar by clicking the Manage Availability button at the top of your Calendar screen).

Here you can check which age groups you prefer, referee positions, team affiliations and you can also add dates where you are not available(Blackouts) or if your default status is **Unavailable** you can enter available dates. Using this screen you can also make yourself **Available** all the time unless when noted in the Add Blackout section, or you can make yourself **Unavailable** except when noted. To do either of these options, first choose whether you want to be Available except when noted, from the Referee Status drop down menu. This will give you the Add Blackout button that you see above. If you choose Unavailable from the Referee Status drop down menu, it will change the screen to this:

in which case you would add your Available times by clicking the Add Available Time button. That will bring you to the Referee Availability Block (these same steps apply for the Blackout button). Here you fill in the date and times that you are available.

Assignment Preferences

Assignment preferences tell your assignor both the position of the pitch and the age groups you would prefer to referee. The age group preference allows the assignor to understand which age groups you as a referee feel confident about. Be sure to be honest or you may find yourself in a situation that is neither good for you nor the game.

Positional preferences allow the assignor to see where on the pitch you are comfortable.

There are four level settings for you to choose from. Each of them tell the assignor a something different.

- No Preference – I do not care
- Preferred – If the game allows I would like this position
- Accepted – I will take these assignments
- UnPreferred – I do not want this position

Again remember to be honest as this will help you receive the assignments that best fit your abilities.

Lastly team affiliation entries inform everyone where you have family or affiliated members participating. By giving assignors this information you are letting them know that matches that have these teams I should not be assigned to.

If you do not see your team listed for an event Click on **ENTER AFFILIATION** and you will be taken to a screen to enter them in.

Game Assignments

Once you are registered for an event and selected your assignors for your area, the assignors will start assigning you games. When you receive assignments you will be notified via email and you can follow the link to see what games and times you are refereeing and where. You have to click on accept or reject before the assignment is updated for your assignor and they know that you intend to do the assignment. Below is a copy of an email that was already sent out to a Missoula Referee.

Manage Assignors

Click on the Referee Assignors in the Blue menu bar and under you will see all the available assignors for all of your events. Please select the one assignor that is your primary area assignor and make that person your primary. This allows them to assist you with your account. Next you will want to cancel all of the assignors you will not be working with. **THIS IS VERY IMPORTANT AND MUST BE UPDATED** to keep your assignors informed as to where you may be able to accept assignments. As you are available in areas during the season you must **APPROVE** and **CANCEL** the areas you want and do not want assignments in. If you do not do this you will get assignments in areas you do not want games. Do not delete assignors unless you will never be taking games from them. **Make sure only the assignors you wish to accept games from are GREEN.**

Now if you are traveling with a team and you would like to make yourself available to get games in the city you are traveling to, unblock the assignor for that area each week. This will place your name in that area's pool to give the assignor an idea of the number of traveling referees coming to town for the next weekend.
