## Information Bulletin

**Bulletin #:** IFC2020 – 022  
**Date:** August 16, 2020  
**To:** IFC Membership, Staff  
**CC:** IFC Directors  
**From:** Frank Iaizzo, Athletic Director  
**Subject:** Government of Ontario announcement on indoor facility gathering limits

Dear Members,

Last week, the [Government of Ontario announced](#) changes to the gathering limits for sports and recreational facilities.

As of August 15, 2020, these facilities can now have up to 50 participants per room/field for each indoor sport or fitness center.

This change was enabled by amendments to the Government of Ontario Stage 3 regulation and a new plan and guidance document to apply a per room limit for sport and recreational fitness activities at facilities with the necessary space or layout.

Please be advised businesses, not-for-profits, and municipalities may need or choose to take more time before implementing this change in capacity limits. Facilities and municipalities may also adopt their own protocols that are more restrictive than the guidance.

For Ontario Soccer members and indoor facility operators in Return to Play – Phase 2, each individual playing surface (field) can have up to 50 participants. The facility operator must ensure the fields are separated, in order to maintain physical distancing between fields.

As a reminder in Phase 2, the Government of Ontario does not require physical distancing for team sports activities. All other Government orders, as they pertain to Return to Play, remain the same.
