Creating A Birth Certificate Document Repository

A document repository acts as a folder, which stores all of the signed forms for this type of document. You are able to include this into your registration process which will be a one-time upload for all players. Once a player has submitted their birth certificate, they will not be asked again.

STEP 2

Click "**New**" to create a form. *(continued on next page)*

STEP 6

Merge User Accounts

If you have duplicate users, you have the ability to merge them. *If you are a coach/manager or parent/player please ask your club admin to merge profiles.*

To merge, both profiles must have these requirements for GotSport to qualify as a duplicate user:

- A role with your organization
- Same First Name, Last Name
- Same Gender
- Same D.O.B

If the system does not recognize the profile as a duplicate, here are some things to check:

- The search is **CASE SENSITIVE**, so make sure the first and last names **EXACTLY** match upper and lower case e.g., **Matt** and **Matt** will not result in a match, but **Matt** and **Matt** will result in a match.
- Make sure name does not have extra spaces before and after the name.
- One profile has a nickname over another with a legal name. E.g., Jen vs Jennifer

Before you merge accounts please read:

Make sure to choose the primary account carefully, Verification and Requirements do not carry over from the secondary account. If you have any of these, you will want to strongly consider having that be the primary account for the merge.

Merge User Accounts

STEP 2

Click the **"Duplicate User Suggestion"** button highlighted in red.

Note: To show any duplicate user suggestions, the First Name, Last Name, Gender, and D.O.B must match exactly on both profiles. 1 duplicate user suggestion > --
