

Tatum Park Soccer Facility

Hattiesburg, MS

Driving Directions

These directions are designed to help you get to the Tatum Park soccer facility in Hattiesburg, MS since much of this area is wrong on Google maps and most GPS units will not direct you properly to the park.

GPS

If you want to try to use GPS, use one of these 2 addresses:

1. **101 Parkway Blvd** – This is the listed address for a bank right near the entrance to the park and may be the best option, but your GPS may have you turn left off of Hwy 11 a little too soon or too late – if you see a large YMCA building on the right, turn right into Tatum Park approximately ½ mile after that; if you see this YMCA building on the left, you have already passed the entrance to Tatum Park, make a U-turn!

2. **3688 Veterans Memorial Drive** – This is the listed address for the Southern Bone and Joint Specialist medical clinic which is right across the street from Tatum Park, but BE CAUTIONED, the Southern Bone and Joint Specialists facility is placed incorrectly on Google Maps, where it is shown to be right across from Timberton Drive. THIS IS INCORRECT! In reality, it is right across the road from the entrance to Tatum Park on Parkway Blvd.

DIRECTIONS

Here are turn-by-turn directions from I-59:

- Take Exit 60 off Interstate 59
- Head northeast on Hwy 11/Veterans Parkway
- Turn right onto Parkway Blvd and continue into Tatum Park
- Take second right to follow Parkway Blvd past the baseball complex on the right; soccer complex is on the left
- Turn left at STOP sign to access soccer fields
